

Institute of Israel Studies 2020

Bridges for Peace is honored to invite you to enroll in the Institute of Israel Studies 2020, our premier equipping event of the year. This annual program offers the ideal platform for those who wish to serve as advocates for Israel in the nations. The combination of curriculum—presented by a lineup of Bridges for Peace senior leaders and prominent Israeli role players in the political, religious, defense, societal, advocacy and historical landscape—and guided visits to sites of biblical significance has been tailor-made to equip and empower delegates with the crucial knowledge and hands-on experience to take up the task of speaking and teaching on the importance of Christians standing with Israel. It also serves as a key accreditation required for those who wish to serve as a Bridges for Peace representative through any one of our national offices.

We extend this invitation with confidence that the exposure gained through the two-week program will place your finger firmly on the pulse of Israel, a country and people chosen by God to fulfill His purposes and promises and reveal His character to the nations.

The Institute of Israel Studies will, amongst other things:

- Provide insights into a society that is being gathered into its ancestral homeland after a 2,000-year sojourn in a very diverse Diaspora—in fulfillment of God's promises spoken through the biblical prophets.
- Explain the multitude of singular security, regional and other challenges Israel faces and how the country is singled out as a unique entity within the community of nations.
- Explore prophetic scriptures and their relevance in the modern reestablishment of Israel and the gathering of her people.
- Connect delegates with Israeli society through a diverse lineup of speakers and experiences.
- Provide insight into the unique role Bridges for Peace plays through its education initiatives and projects that portray God's love and mercy to the people of Israel.
