

Institute of Israel Studies 2023

Bridges for Peace is honored to invite you to enroll in the Institute of Israel Studies 2023. Join us for a combination of curriculum—presented by a lineup of Bridges for Peace senior leaders and prominent Israeli role players in the political, religious, defense, societal, advocacy and historical landscape—and guided visits to sites of biblical significance. The discussions and guided visits have been tailor-made to ensure that every person who completes this program will leave Israel with an in-depth knowledge, understanding and hands-on experience of the land of Israel and its role in history, prophecy and the future.

We extend this invitation with confidence that the exposure gained through the two-week program will place your finger firmly on the pulse of Israel, a country and people chosen by God to fulfill His purposes and promises and reveal His character to the nations.

The Institute of Israel Studies will, among other things:

- Provide insights into a society that is being regathered to its ancestral homeland after a 2,000-year sojourn in a very diverse Diaspora—in fulfillment of God's promises spoken through the biblical prophets.
- Explain the multitude of singular security, regional and other challenges Israel faces and how the country is singled out as a unique entity within the community of nations.
- Explore prophetic Scriptures and their relevance in the modern reestablishment of Israel and the gathering of her people.
- Connect delegates with Israeli society through a diverse lineup of speakers and experiences.
- Provide insight into the unique role Bridges for Peace plays through its education initiatives and projects that portray God's love and mercy to the people of Israel.
